PROFILE

As a skilled freelancer, I offer my services for multiple positions. With my expertise and creativity, I bring a unique blend of skills to each role, delivering exceptional results. Whether you need eye-catching marketing materials, captivating graphic designs, intuitive user interfaces, compelling visuals, or innovative creative solutions, I am dedicated to crafting impactful designs that resonate with your audience and elevate your brand. With attention to detail, a keen understanding of design principles, and a passion for delivering excellence, I strive to create visually stunning and engaging designs that effectively communicate your message and leave a lasting impression.

EMPLOYMENT EXPERIENCE

PRESENT - FREELANCE

Start up - confidential - Investor deck

Start up - confidential - Interface display demo video

NOV 2022-JAN 2023

Product Design Internship at Inkod - Worked on several cyber security projects, which included complex UI design, communicating with clients, adapting an existing design to a new system screen, creating a design system and interacting with components, and working alongside Development teams.

NOV 2022-JAN 2023

Summer internship at Elementor - During the summer between my third and fourth year, I interned at Elementor as a marketing designer. Through the internship, I was able to put theory into practice and get hands-on experience. It included creating storyboards for social media videos, creating social ads, creating visual assets and images, and executing the concept formulation.

STRENGTHS

Autodidact with a quick learning curve. Listening skills, sensitivity to others' needs, and teamwork skills. Additionally, I have strong problem-solving abilities, a positive attitude, and a willingness to take initiative. Ability to focus on multiple tasks at once and high commitment.

EDUCATION

2018-2022

Visual Communication Design at Holon Institute of Technology

2017

Copywriting course and marketing writing at
Hasifa School - The Open University.

ARMY SERVICE

2013-2015

Service in 8200 unit - A technological intelligence soldier with six months of career service after compulsory service. Managing operational events under tight deadlines required assertiveness, determination, and collaboration with several factors. At the end of my service, I was in charge of my own team.
